

## **How to Think Like an Entrepreneur**

**Presenters:** Doreen Rosimos & Darcy Wilson

**Intended audience:** All Audiences

### **Session Description**

Doreen Rosimos and Darcy Wilson of Income Links, LLC will show the inner workings of just how business people “get ideas” and then show how they are literally all over the place. Opportunities to produce income, to be self-employed and how we should look at how is we want our work day (or night) to look like and how to implement that into our “perfect idea”.

How to make it work, how we don't need a “store” or a “place”, but simply a concept is enough to get started!

Remember....”it doesn't take much to make more than nothing”!
